

PRAYER

Copyright MIA SPERBER 2012

On my knees in the shadows,
To you here I pray.
The mountain is high
And the light cannot stay.

My soul reaches up
Both in torment and bliss,
To touch and come closer
Your forehead to kiss.

Just one little girl
Facing a timeless dream.
Confronting the vastness
Her heart wish to scream.

As loud as a thunder
And swifter than light,
The spirit is flying
And holding up bright.

Don't leave my hand ever,
With you I'm not lost.
In a world full of darkness,
My life is star-crossed.
