

BACK TO YOU

copyright Mia Sperber 2017

A dream of moon and stars
Is here with me
But shadows
Come
And go
And take away
My peace on cloudy wings.
Now,
All that I like to do,
Is me to run away
To you again where everything is us
I, I'm finding now again my way to you
Pray for me!
Pray for us!

And then,
We will be together in the light,
And you'll hold my hand
And sweetly
Smile to me,
Forever,
To hold you,
With me.

A dream of moon and stars
Is here with me
But shadows

Come
And go
And take away
My peace on cloudy wings.
Now,
All that I like to do,
Is me to run away
To you again
Where everything is us
I, I'm finding now my way to you
Pray for me!
Pray for us!

And then,
We will be together in the light,
And you'll hold my hand
And sweetly
Smile to me,
Forever,
To hold you,
With me.

A dream of moon and stars
Is here with me...
